

This option is an add-on product that provides valuable information available from inquiries made to a consumer's file within the last 90 days. The output includes the subscriber's name, member code and inquiry date, along with the input used to perform past inquiries.

Inquiry Analysis maximizes and streamlines collection efforts by helping you quickly locate individuals. It also assists in resolving outstanding accounts and provides confirmation that an existing address is still valid.

Features

- Provides current, self-reported data
- Covers ninety (90) days of inquiry history
- Option can be returned in conjunction with a TransUnion Credit Report, Collection Credit Report or SSN Report
- Can provide consumer name and address, previous address, employer name or phone number

Delivery Options

- CPU-CPU (TU 4.0)
- Online Batch
- TransUnion DeskTop
