

**TransUnion Phone Append is an add-on service that appends a ten-digit telephone number or private number indicator to numerous TransUnion services, including credit or collections transactions.**

Phone Append helps you verify applicant information and identify more easily using an expanded set of resources. Phone Append can help you locate accountholders and debtors faster while eliminating time spent searching separate telephone databases.

## Features

- Telephone numbers are returned in conjunction with a TransUnion credit or collections search, eliminating the additional need to search other databases
- A multi-sourced database includes information from white page directories, exclusive telephone/address routing information, new mover information, self-reported consumer data, owner occupied data and regional bell operating companies
- By returning a private number indicator instead of a 'not found' message, Phone Append may eliminate the need to search other databases
- Phone Append overlays the TELEPHONE field on stand-alone products

## Input Requirements

Dependent on core products accessed.

## Delivery Options

Phone Append is available as an add-on to:

- TransUnion Credit Report
- Collection Credit Report
- Employment Credit Report
- Model Report
- ID Report
- Identification Report with Score
- SSN Report
- Individual Monitoring (satisfactions only)
- ID Search

Phone Append is available through: Remote Terminal and CPU (ARPT 3.0 and 3.1, and TU 4.0). It is also available through TransUnion DeskTop and Online Batch.
